Dear Al,

On behalf of the DCI's Science and Technology Advisory Panel, I want to thank you for finding the time to have lunch with us during our triannual meeting this week.

The Panel found your remarks and comments both interesting and informative; their free-ranging and informal nature was exactly what we had hoped for. It's always useful for the Panel's members to hear the views of those on the "inside" of the government. It's especially useful when those views touch on the future or on better ways of doing business.

Again, thanks for taking the time to meet with us. If there is anything the Panel can do to help you, please don't hesitate to contact me.

Sincerely,

STAT
